

A Model for Supported Living

## A Summit on Support, Housing and Advocacy

**Thursday April 10 | 7:00 PM**

**Our Place of New Trier Township**  
Community Church of Wilmette  
1020 Forest Ave, Wilmette, IL 60091

If you are a family member working to create a self-directed, person-centered life for your son or daughter living with a disability, please join us for this critical discussion.

Across the Northshore, parents and organizations are working to build progressive support for our young adults so they can create a life in their community of choice. Most of us are using Home-Based funding to pay for programs and support, and we know first-hand this stipend is not enough to support a person-centered life. **Join us and be a part of the discussion for change.**

Come to learn about:

Advocacy work being done by Engage IL ([www.engageil.org](http://www.engageil.org)) to create a new waiver program that will support a person-centered life in the community or reform the Home-Based program to be based on need rather than a stipend.

The exciting progress of the Collaborative Community Housing Initiative ([www.thecchi.org](http://www.thecchi.org)) in Highland Park.

The life management services offered by A Happy Life ([www.ahappylife.co](http://www.ahappylife.co)), a newly formed case management agency created by parents.

**Please RSVP to**  
**[stephanie@ahappylife.co](mailto:stephanie@ahappylife.co)**

1020 Forest is the street address  
for Community Church of Wilmette.

Enter behind the church | Street parking in the area

**Thank you to all the organizations involved:**

Life without limits for people who experience intellectual and developmental disabilities

The Summit is sponsored by Case Management Partners, dba A Happy Life | [ahappylife.co](http://ahappylife.co) | 847.686.8789
